

Gayathri Coffee & Mysore Heritage Coffee

Gayathri Coffee

Good coffee takes time, patience, and love. Since 2002, our aromatic coffee has filled the city of Mysore & streets of Malleshwaram, Bengaluru, crafted from carefully selected beans and blends without shortcuts or unnecessary chemicals.

Rooted in a generations-old wholesale house in Mysuru, our coffee carries the warmth of tradition, nostalgia, and the timeless joy of a truly good cup.

Mysore Heritage Coffee

Rooted in the rich coffee traditions of Karnataka, Mysore Heritage Coffee brings together authentic flavours, premium beans, and time honoured brewing methods. Inspired by the coffee culture of Mysuru, every cup is crafted to evoke a sense of heritage, warmth, and nostalgia. Whether it's your morning filter coffee or a relaxed cup shared with friends, we bring you a timeless taste that celebrates the true spirit of South Indian coffee.

Typography

ChunkFive serves as the primary typeface, bringing boldness, heritage, and distinctive character to the identity, while **Inter** acts as the secondary typeface, providing a clean, modern, and highly legible contrast. Together, they create a balanced typographic system that combines traditional character with contemporary clarity, making the brand feel both timeless and approachable.

Colour Inspiration

Our colour palette draws inspiration from the vibrant world of coffee, from lush plantations to the warmth of a freshly brewed cup. Golden yellow, orange, and peach reflect sunshine, roasting, and warmth, while maroon captures rich roasted beans. Pink adds a contemporary touch, green connects to nature, and red brings energy and passion. Together, they create a warm, authentic, and energetic coffee-inspired palette.

YELLOW

Colours

CMYK

Use CMYK for all print applications, including business cards, brochures, packaging, posters, menus, and other physical brand materials. It ensures colours are prepared correctly for the printing process.

RGB

Use RGB for all digital applications, including websites, social media, presentations, apps, and digital screens. RGB is designed for screen-based colour display and offers a wider range of vibrant colours.

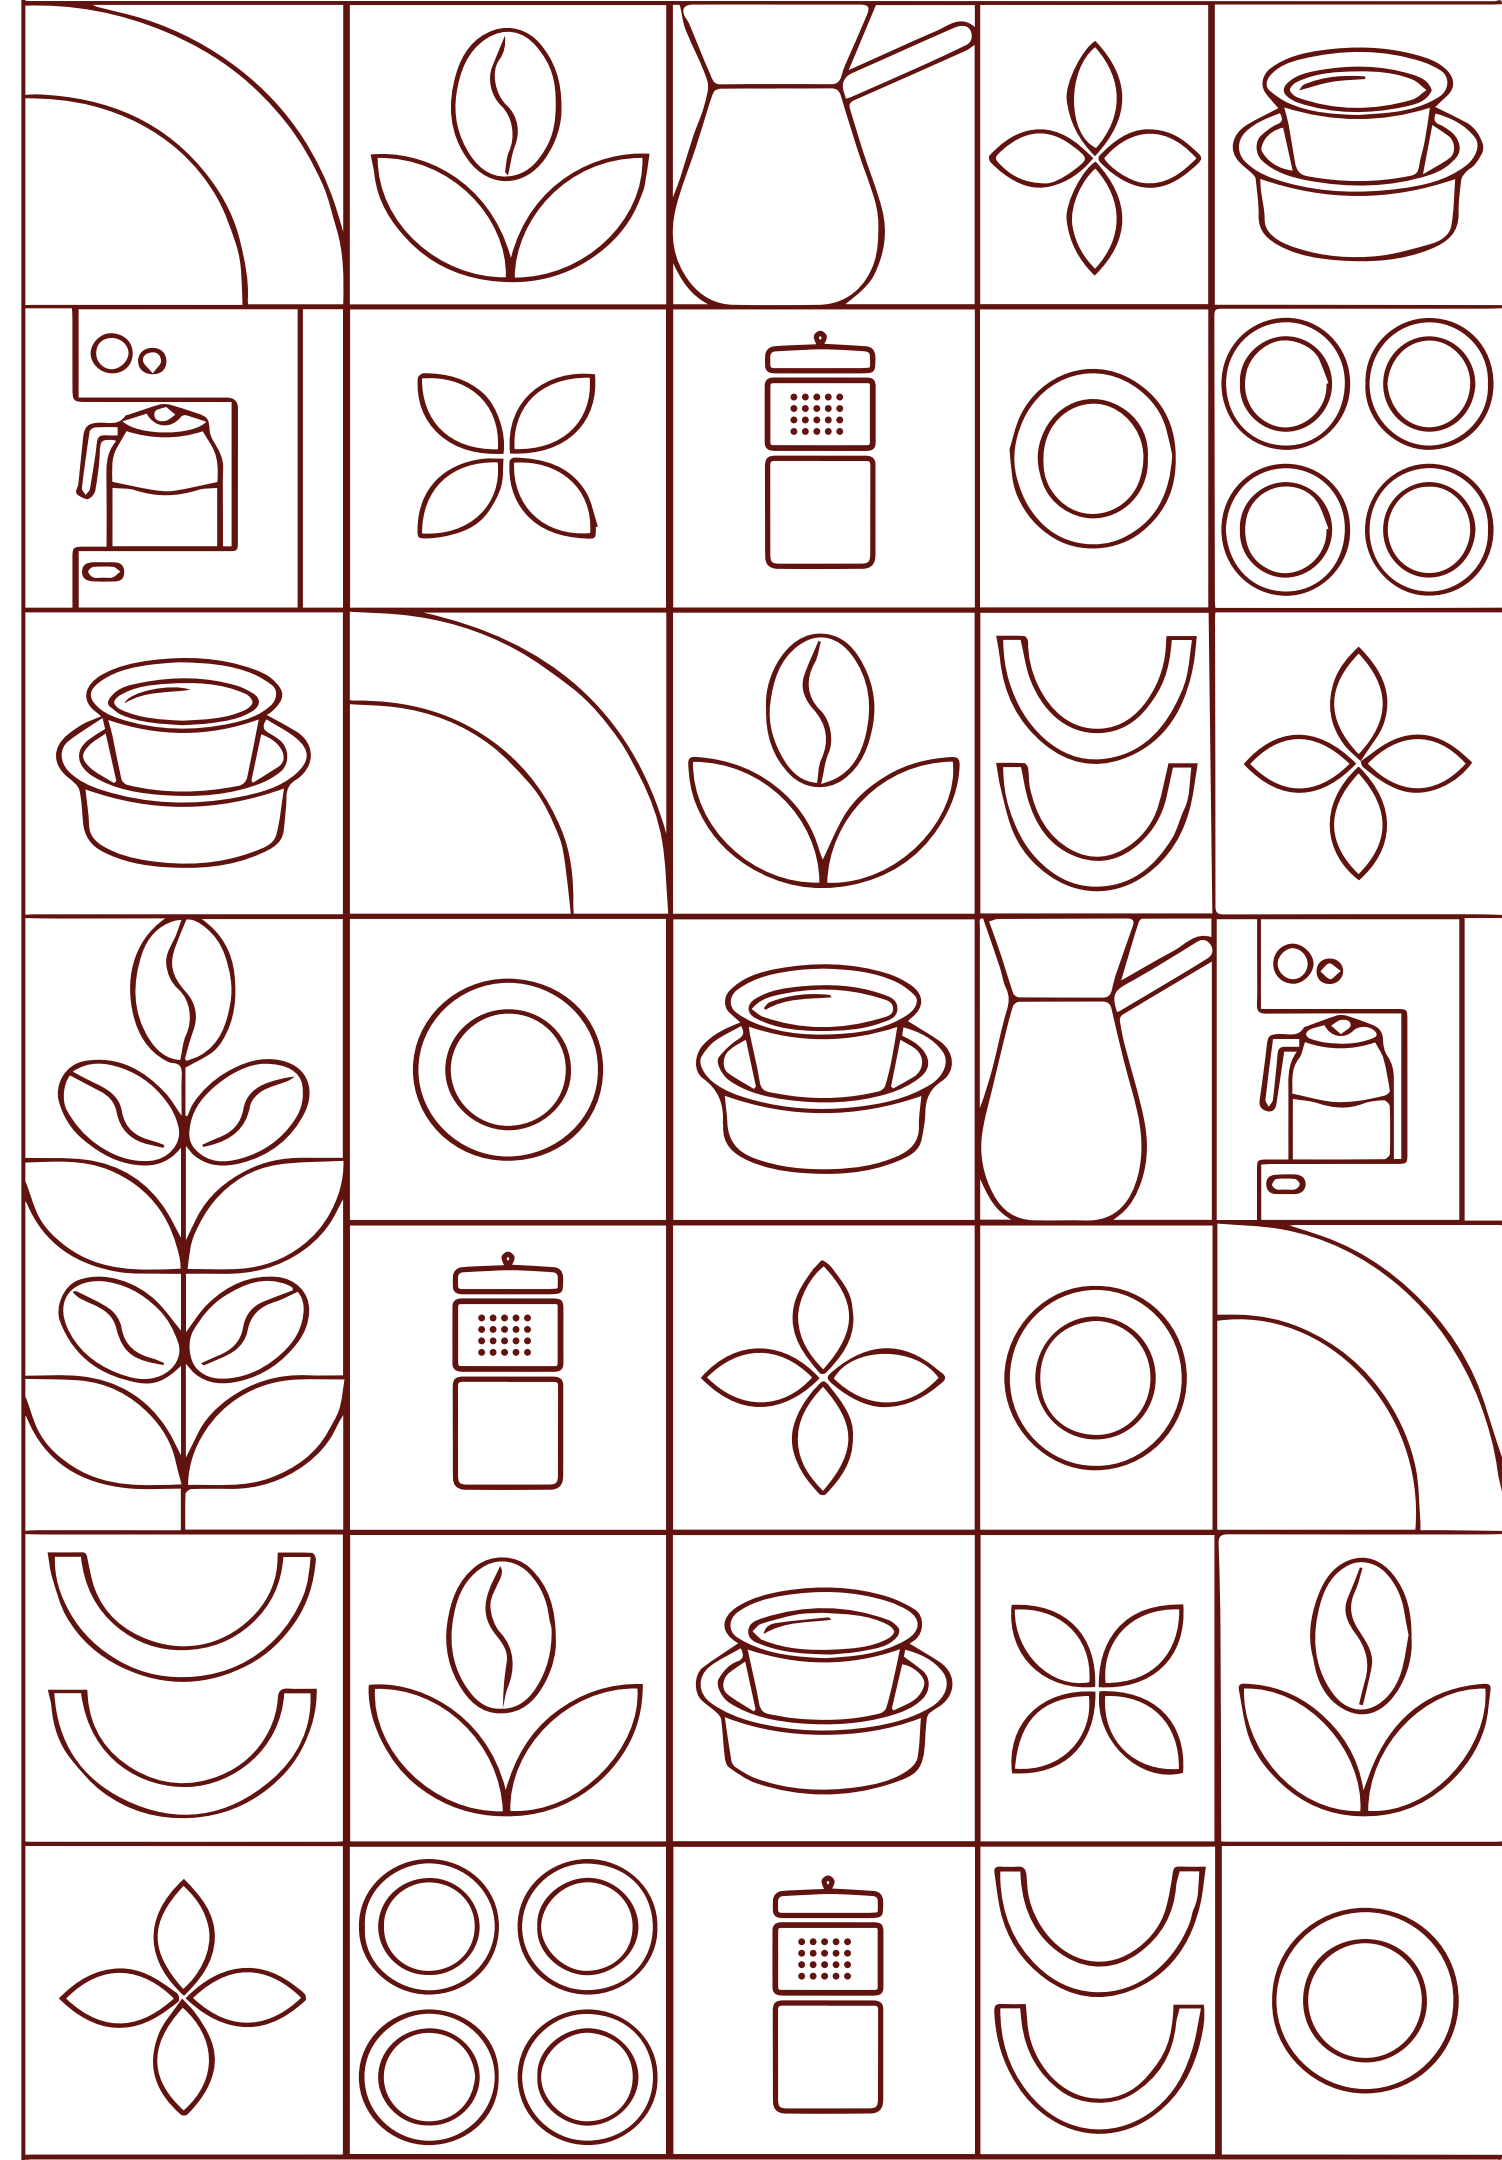

Design Inspiration for pattern

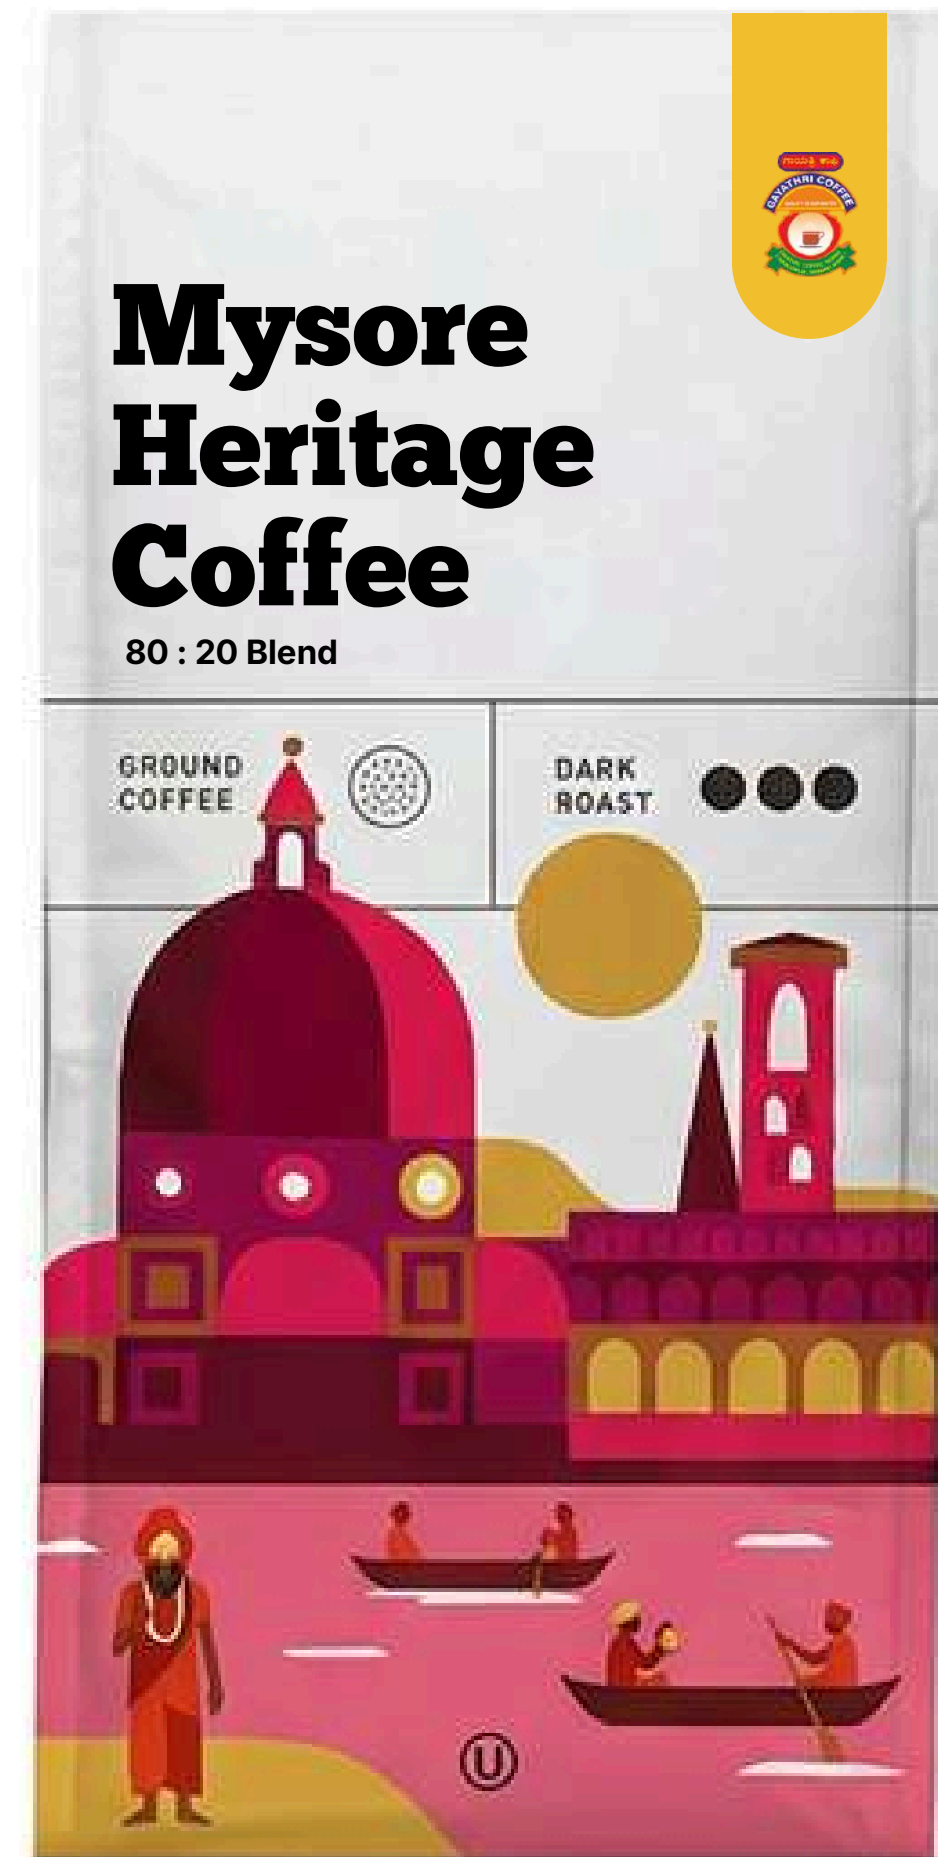

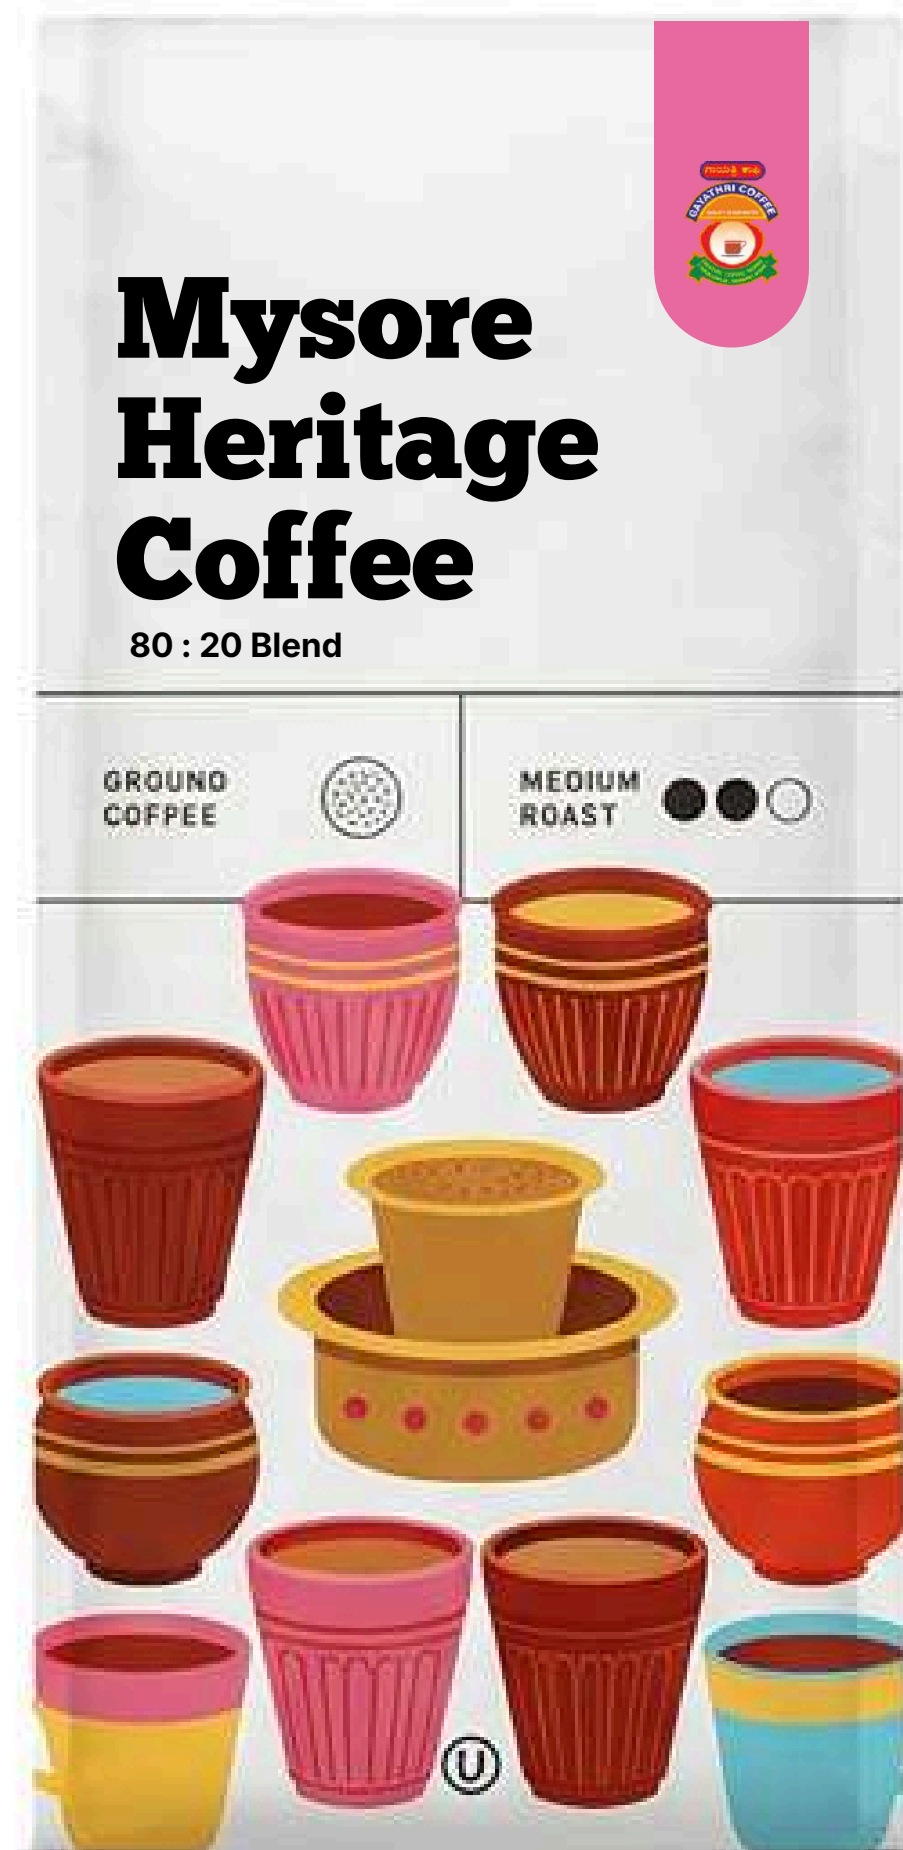

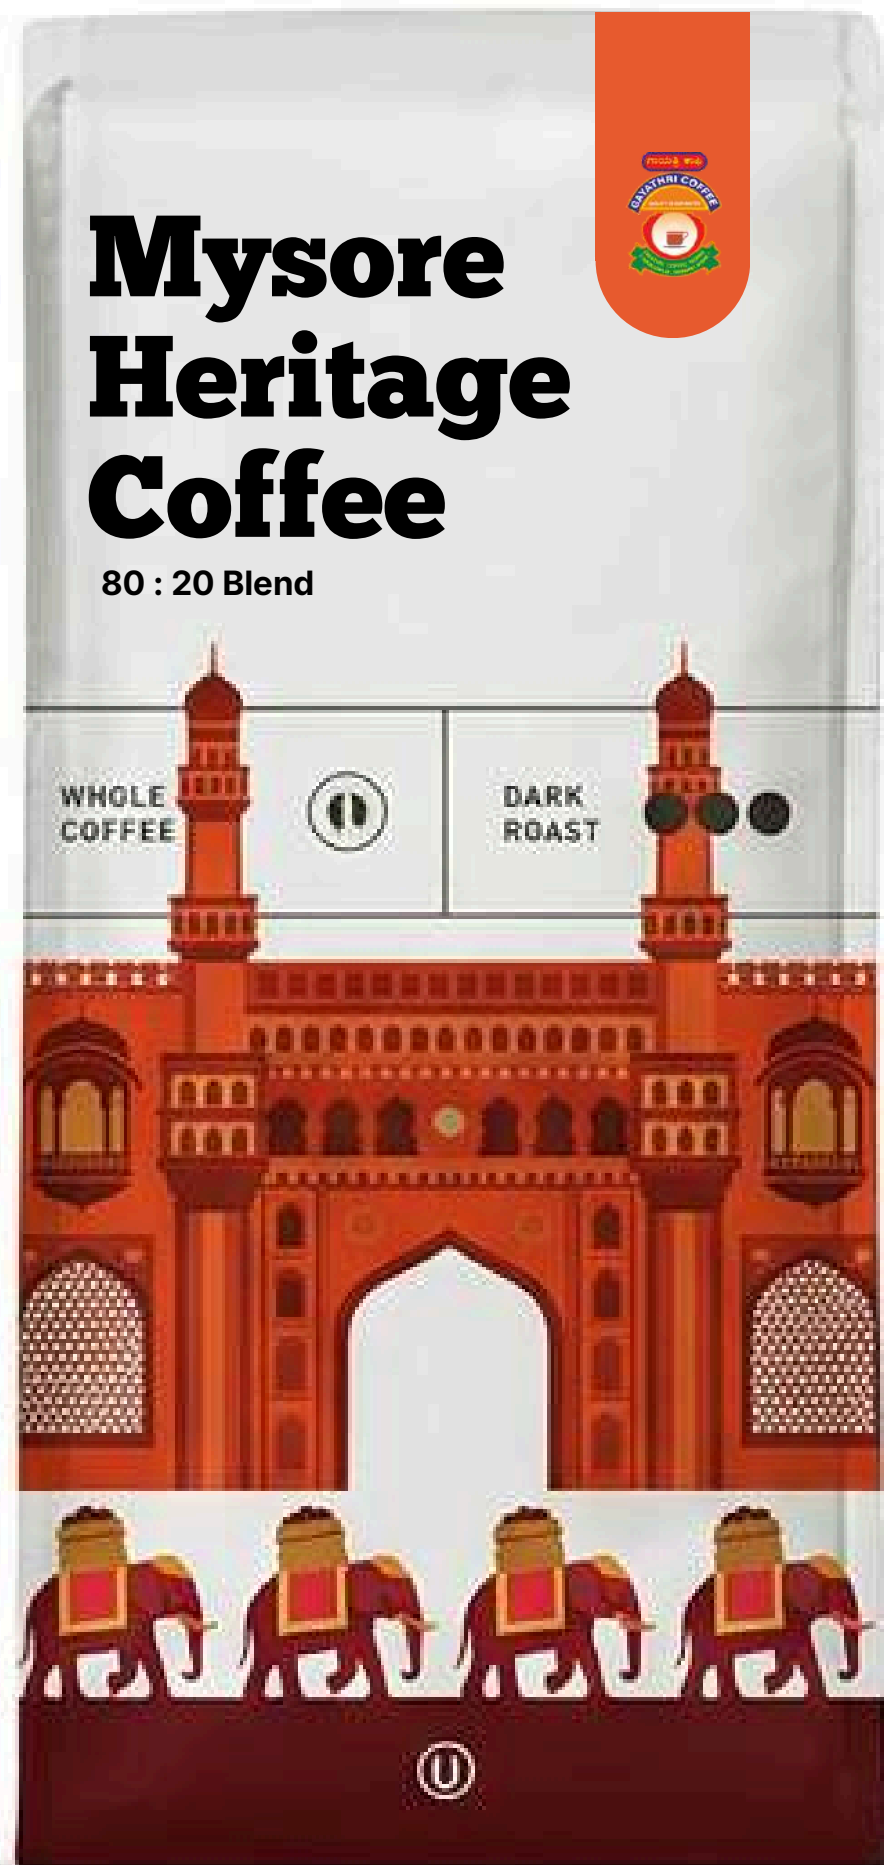

Patterns

The pattern brings together iconic elements of coffee culture in a playful, geometric style. Coffee beans, cups, brewing pots, leaves, flowers, and abstract curves are arranged in a repeating grid, creating a visual language that feels warm, contemporary, and rooted in coffee heritage. The simple line illustrations keep the pattern versatile while giving it a distinctive and recognisable brand character.
